

ONE TO ONE ARCHITECTURE AND DESIGN

[www.1-1architecture.com](http://www.1-1architecture.com)

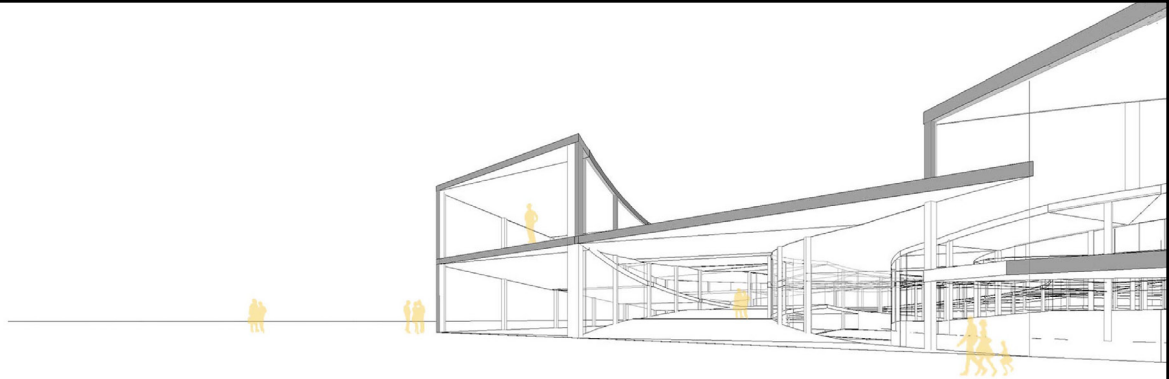

1:1

1:1 will be a design studio dedicated for conceptual Architecture, Furniture design and Model making.

Introducing a holistic approach that goes beyond the architectural design to provide a conscious mix between **art**, **architecture** and **psychology** in which, each design has a story, a concept and a clear impact on client's emotions an lifestyle, maintaining cultural continuity and integration through the built environment...

Creating spaces that emerge from people, foster societies, while remaining in harmony with the environment.

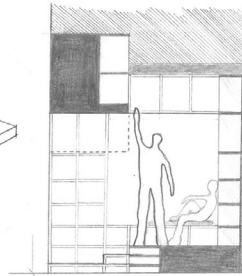

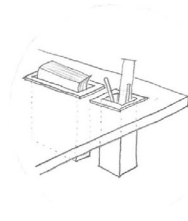

1:1

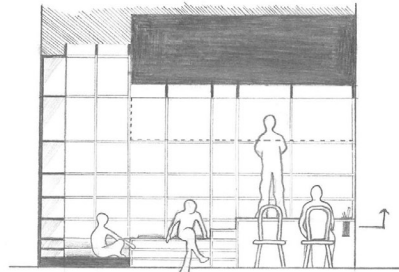

## Architecture

We design peoples' emotions through architecture. Therefore, we get to know our clients closely, their personalities, habits, needs, interests, social relations and life style, creating envelopes to hold their memories, and are worth growing old within...

Section AA 1:50

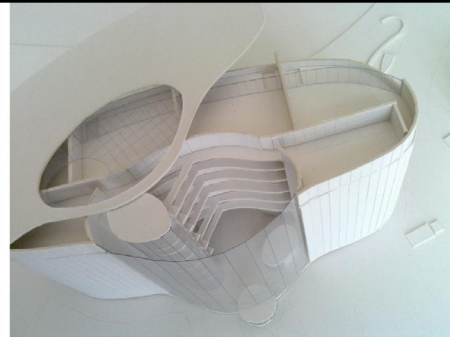

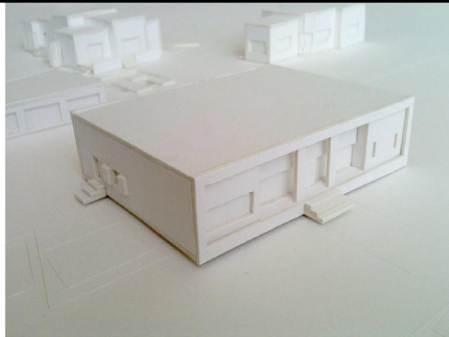

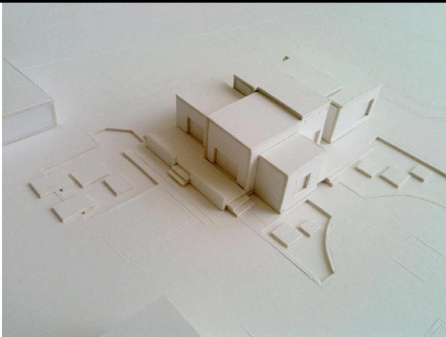

Section BB 1:50

## Furniture design

We design pieces that can be extensions of the space itself.. An integration to architecture, emerging from it, complimenting it.. We also design pieces than make a calculated balance between art and furniture, occasionally leaning more towards art... Our designs are minimal, abstract and experimental...

1:1

## Model making

Scale models engage an additional sense that drawings fail to address, TOUCH. Models are an intense communication tools that give powerful impressions and convey architects ideas clearer providing more accurate visualization..
